step 2

Wind around barrel of the ghd curve™ classic curl tong, hold for 5-8 seconds and release, creating a sculpted curl

Repeat technique, making sure to curl hair in the same direction

step 4

With the front section of hair, start the twist from eye-level

step 5

Wrap hair around barrel and roll tong back up towards the root

step 6

Once curled, use a ghd detangling comb to soften the curl – start at the ends and work your way up to the root
